

MAKE UP EXAMINATIONS – MARCH 2024

Program	: B.E. - Common to all Programs	Semester	: I
Course Name	: Design Thinking	Max. Marks	: 100
Course Code	: AECC17	Duration	: 3 Hrs

Instructions to the Candidates:

- Answer one full question from each unit.
- Assume missing data suitably.

UNIT - I

- As a new student into the college, what type of skillsets you need to equip yourself with as survival skills? Why so? Justify. CO1 (10)
 - Do you think a design thinking process is essential for business organization? Analyse with an example. CO1 (10)
- As a student in the college, what type of mindsets you are aware of to enable design thinking skills? Why so? Justify. CO1 (10)
 - How can one practice design thinking? Identify one product /process that reinvented itself for success through design thinking and analyse. CO1 (10)

UNIT - II

- What is the importance of self awareness and partnership in design thinking process. CO2 (05)
 - Can you identify one target user in the market for following brands/products CO2 (10)
 - Smartwatch
 - Lux
 - Sensodyne
 - Horlicks
 - Audio books
 - Alexa
 - Wallets
 - Treadmills
 - Adidas
 - Maruti.
 - Explain the skelton of problem statement. CO2 (05)
- Explain interview principles and rules. CO2 (06)
 - Prepare a questionnaire to improve the solid waste disposal in you locality. CO2 (08)
 - Explain Empathy Map. CO2 (06)

UNIT - III

- "Getting stuck is ok" Justify the statement. Also, explain how to get unstuck. CO3 (08)
 - Explain two myths about creativity and demystify them. CO3 (04)
 - Explain Chi's three rules of prototyping, taking staple-less staplers as the example product. CO3 (08)

6. a) What are the goals one has to keep in mind for prototyping? CO3 (08)
b) Differentiate convergent and divergent thinking. CO3 (04)
c) Generate at least two different engineering solutions to reduce air pollution due to particulates near building construction areas. CO3 (08)

UNIT- IV

7. a) What is concept testing in design thinking and what is its role? Give an example for any two types of testing and explain how it is beneficial. CO4 (10)
b) Explain value engineering with a suitable example. CO4 (10)
8. a) What are the Benefits of testing? Select two product testing methods for successful design and explain with suitable example. CO4 (10)
b) Explain the different stages of product life cycle? CO4 (10)

UNIT - V

9. a) AMUL company was successful during pandemic. Criticize the statement with design thinking approach. CO5 (10)
b) Explain how amazon uses data driven technology to capture the market. CO5 (10)
10. a) Over the course of 81 years, Asian Paints became a corporate force and India's leading paint company _ Illustrate company's growth strategy. CO5 (10)
b) Enumerate the components of a smart village. CO5 (10)
